See instant improvement in days to pay, clean claims and reduced denials.

Descriptive, Predictive, Prescriptive Analytics

Get a 360-view of trends and forecast to drive actionable insights.

Extension of Your Business

Rely on Revascent to be your partner for your financial health while you focus on patient care.

It's Attention to Detail that Counts

We understand the importance of tailored workflow.

PROSTHETICS/ORTHOTICS

We verify accurate coding and complete clinical documentation, including standard written orders, for prior authorization and claims processing prior to the patient being fitted for their prosthetic/orthotics.

DURABLE MEDICAL EQUIPMENT

We handle billing and claims management post-delivery of equipment, devices and supplies.

Services and Technology

Billing and Claims Submission

- Claims HCPCS/CPT coding and scrubbing, complete, accurate documentation and submission for payment

Claims Follow-up

- Claims tracking, follow-up to resolve denials, and resubmit for payment
- Payment posting and reconciliation
- Patient statements for outstanding balance

Reporting

- AR management and claims status
- Trending reports: sales, rentals, care provider orders, proof of delivery, patient and product history

Ongoing Qualification

- Equipment and/or supply triggers to resubmit claims and documentation for expired rental equipment, restock of supplies and inventory
- Claims, clinical documentation updates for changes to insurance provider and/or coverage
- DME payer credentialing subject matter expertise

Software Agnostic

- Revenue cycle billing experts highly skilled using multiple revenue cycle management IT solutions such as Brightree and OPIE
